Illinois Comprehensive Health Insurance Plan (CHIP) Participating Hospital Listing

The Plan Administrator for CHIP, Blue Cross and Blue Shield of Illinois, has the largest participating hospital provider network in the state and over 31,000 participating primary care physicians and specialists. This network has been adopted for use by CHIP. Refer below for a listing by region of participating hospitals in this network. When traveling out-of-state, participants in CHIP Plans will also be able to use the Administrator's BlueCard PPO program to receive in-network benefits from certain hospitals in these other states. Call 1-800-810-2583 to verify which physicians and out-of-state hospitals are currently participating in the BlueCard PPO Program.
